Final Grades

Since the OOTL adopted this grading formula, the median pitcher has been a 9.5 with 0 control and 0 power. This year is no exception. Only carded pitchers have been included.

Any pitcher who appeared in both leagues was computed based on the respective league's formula prior to weighting based on innings pitched, as specified in the pitching formula.

All XB carded pitchers are designated by a preceding "x."

100 Game Season

Innings Pitched, Games, Games Started, and Batters Faced have all been revised to a 100 game schedule. Innings Pitched have been rounded up, both for .1 & .2.

Left-Handed Grades

Left-handed pitchers are listed here (with an * next to the name) with their calculated grades plus two (+2) grades already added. Each left-hander's Final Grade displays here. In addition, when a left-handed reliever enters the game in the middle of an inning, add only three (+3) rather than the customary five (+5) grades.
